"COLOR OUR WORLD"

The Legend of Argus

The legend of Argus is a myth that has been handed down through the years. This myth has Greek origin and is based on the strange looking monster Argus.

Argus, who was gifted with one hundred eyes, was summoned by the goddess Hera. His task was simply to guard another goddess named Io. But when Hermes, who was in love with Io heard of this, he was greatly angered and caused Argus to fall into a deep sleep and then killed him.

Hera was greatly saddened when she heard of this, so she scattered the eyes of Argus in the tail of a peacock; there they would remain forevermore open and watchful upon all those left in the world.

We at Lake Placid High School give a certain recognition to this legend and we are ever thankful for Argus' watchfulness and protection throughout the years.

SENIOR PROPHECY

June 1, 2007

Dear Carol Ann:

Congratulations on your promotion as head of the Humanities Department at S.F.C.C. I can't believe that Bob Fitzgerald finally retired. Now Mom and Dad will never get you to move out.

You asked me to help you track down all our old classmates so we can prepare for our 20th reunion. As an Admiral, I've been able to use our intercommunications system to find everyone who was, or is in service.

Lupe Gonzalez is the supply sergeant at Ft. Dix and is under house arrest for allowing Lt. Col. Robbie Browning to use the supply warehouse as a gambling casino. Lupe just claims he was following orders.

Mike Davis was shot down while flying his Navy plane over Lebanon. Carlos Bryant has been in radio communications with J. B. Porter, head of special forces recovery team, and says rescue for Mike is promising. Working undercover for J. B. are Danny Ocasio and Juan Gonzalez, who are working on a business trade for our captured pilot. Col. Joe Judge of the U.S.A.F. thinks we should fly in and blow them off the map. Lt. Dennis Beal advises caution and stealth.

Space Shuttle Commander Armando Rodriguez took Kathy Croper and her boyfriend on a flight to the moon and haven't been heard from since. They are probably sitting up there watching the World Series. I wonder which one of our old friends she's rooting for.

Luis Viera and Andy Tuck are playing for the Atlantic Braves. They are playing against two old friends, Kenny Bazzel and Blake Baxter; they are with the Chicago Cubs.

Mark Johnson has won the gold medal for the U.S. Olympics track team at the 1988, 1992, 1996, and 2000 Olympics. He is gearing up for the 2008 Olympics now.

Warren Wright and William Colbert are playing for the New York Giants football team. Ricky Fields has just been hired as their new coach . . . look out Miami Dolphins!!

Byron Chapman is playing basketball for the L.A. Lakers and is the highest paid player in the league.

You won't believe how many of our old friends became teachers!! Janet Lyster is coaching high school track at Hardee High. Jon Million and Mike Ritacco found themselves in a difficult situation — they were coaching opposing football teams. They claim they are still friends. Kim Hopkins is teaching at L.P.E.S. and Regina Jones teaches Early Childhood Development at the high school. Dennis Ward is now teaching senior English at Naples High. Scott Brady is in high demand as a substitute teacher because he's an ex-trooper and tends to be very overbearing towards today's youth. Trevor Dyer has taken over Mrs. Hernandez's job of teaching business education. You won't believe it, Mr. White has finally retired. Eric Conner has replaced him as the students' favorite history teacher.

Rob Corwin, Imelda Medina, Gewnita Jones, Brian Parsons, and Todd Harvey work at Johnson Enterprises. The company is owned by Gerald Johnson with Reese Martin as head of the legal department. I'm not sure what they manufacture, but it seems to be successful.

The Honorable Judge Jennifer Sohn sentenced Defense Attorney John Varady III for contempt of court. He initiated an argument with prosecuting attorney, Tedra Burkett, and accidentally hit Tedra's secretary, Tammy Sites, in the face with his briefcase.

Oliver Bostic, Donnie Mathews, and Mike Kircher designed a micro-computer that runs the new "Living Homes," which are designed by Elvin Santiago.

Carolina Tucciarone, Claudia Primavera, and Donna Williams work for Pan Am. They've flown all over the world.

Lynn Bush and Kari Shoby are secretaries at the White House in Washington D.C. They should be able to straighten things out soon.

Alisha Robinson is modeling clothes designed by Angela Callahan . . . move over Calvin Klein!!!

Oh yeah, the other night I was listening to Angie Elmore's radio broadcast from WGBN in New Jersey. She was playing Elaine Strong's new hit album, "The Woman Is Hot."

C. J. Levendoki hasn't done anything that I know of. It seems that after college he was surgically attached to the sofa in his parent's living room. All he does is watch t.v. and eat.

Susan Keller and Stephanie Polk are both pediatricians. They both have reliable nurses working for them: Patricia Kowles and Cheryl Little. Laurie Rodgers is a chiropractor who treats only football players. Deann Pollard, an excellent veterinarian, is sending her patients to Brenda Guthrie, the world's leading pet psychiatrist for flea collar stress.

I could not find the rest of our graduating class. I asked our old class sponsor and dear friend, Mr. Weber, if he knew where they might be. He said he had heard a rumor that Vicki Parker and Jean Ritacco had used them in their experiments with X-ray technology. At this point, we must presume that they are either mutilated or deceased. Therefore, may our following classmates R.I.P:
Steve Brewster, Tony Callahan, Eugene Chisolm, David Crooks, John Cutler, Mia Gilbert, Norman Lee, Alma J. Lopez, Anthony Matthews, Tom Nastri, Becky Ojeda, Austin Peeples, Kelly Ridall, Kenny Rogers, Maritza Romero, Ben Sholtz, Maggie Tolentino, Emma Torres, Mike Warren, Alex Norena, Billy Weber, Christine Spencer, Jimmy Tessman, Tony Portee, Lonnie Wester, Emmy Weinhardt, and Sam Pringle.

Well sis, I've got to go now. The Navy waits for no one. Give Mom and Dad my love.

Love,

Mary Jane Shackleford

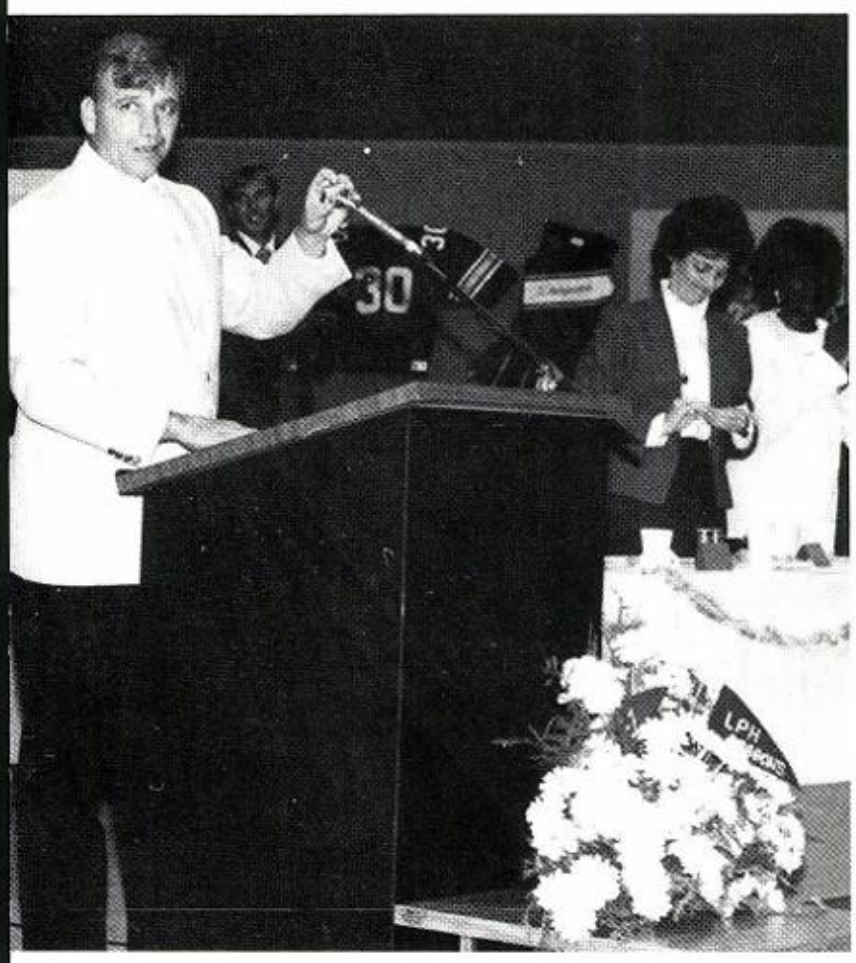
The Roger Scarborough Award is given to an individual who exhibits leadership, academic skills, and athletic ability. Plus, an individual who gives a total commitment to whatever endeavor he is associated with. It's an honor for me to present these awards to the Seniors of our football team.

Coach Weber



When we heard we were getting a new football Coach, no one knew what to expect. After we met Coach Weber, we noticed he wanted to win as much as we did. During our first practice with Coach Weber, everyone noticed his enthusiasm, and it spread throughout the whole team.

It proved to be a winning team combination with Coach Weber and our team. We hope a tradition has begun, and will keep going. We thank you Coach Weber, and wish you luck.

Miss Gill:

We know we've waited until the last minute quite a few times, even longer at times, to do the things that needed to be done. We know we've not always performed our duties to the peak of perfection that you've always expected; sometimes we don't even come close to our potentials. We know we've not always worked with that undying source of energy you possess; there have even been times we possssed no energy at all.

One thing is for certain though, we've all worked together under a knowledgeable and inspiring leader from whom we've gained greatly. We've learned to work as a team until the last minute, not to let our guard down or breathe a sigh of relief until the very end. We've learned to make the best of things by using the determination and inspiration found only within ourselves. We've learned to take the energy used in an argument and focus it on a mutual goal to accomplish so much more.

We've learned that you're not only our leader and teacher, but most importantly, our *friend.*

We thank you for everything.

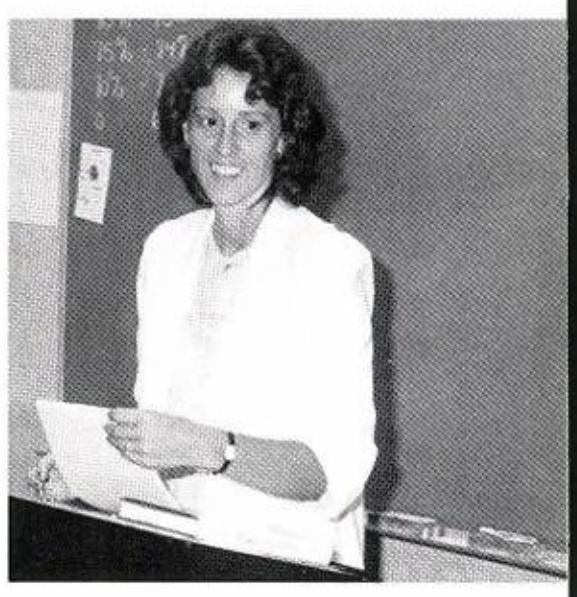
"COLOR OUR WORLD"

THE CLASS OF '88

Junior Class Officers — President — Liz Harvell; **Vice President** — Amy Sapp; **Secretary** — Heather Benedict; **Treasurer** — Javier Viera

Junior Class Sponsors — are Mrs. Pendarvis and Mrs. Hatfield

The Junior Class would like to thank Mrs Pendarvis and Mrs. Hatfield for without whom the prom would not have been a success. We apprecite all of your hard work and dedication. We Love You Both!
The Class of '88



Junior year is a very important year in high school. It is a year spent thinking about college entrance exams and future plans. But it is also a year for fun. Juniors now move up to varsity sports and can finally go to the prom without being asked. Rings can be purchased if they missed out their Sophomore year. We don't even consider the time an average junior spends each day in school with 7 classes, sports clubs, activities after school help, sports events and school.

Every member of the class of '88 works hard to make their class successful. Every junior feels a sense of pride when they win an award because not only have they been recognized but their class has too. Throughout the halls juniors scatter at many different spots where they discuss general gossip, Friday night's game, weekend plans, or Mr. White's American History Test.

It is here juniors meet "that best friend" they will never part with. They go to games together, try out for sports together, and join all the same clubs. For some girls choosing an outfit can be as important as nuclear freeze talks.

Juniors also achieve academically and athletically. Some students strive for MVP while others just want to improve. But we would like to recognize and acknowledge each junior for giving his or her personal best.

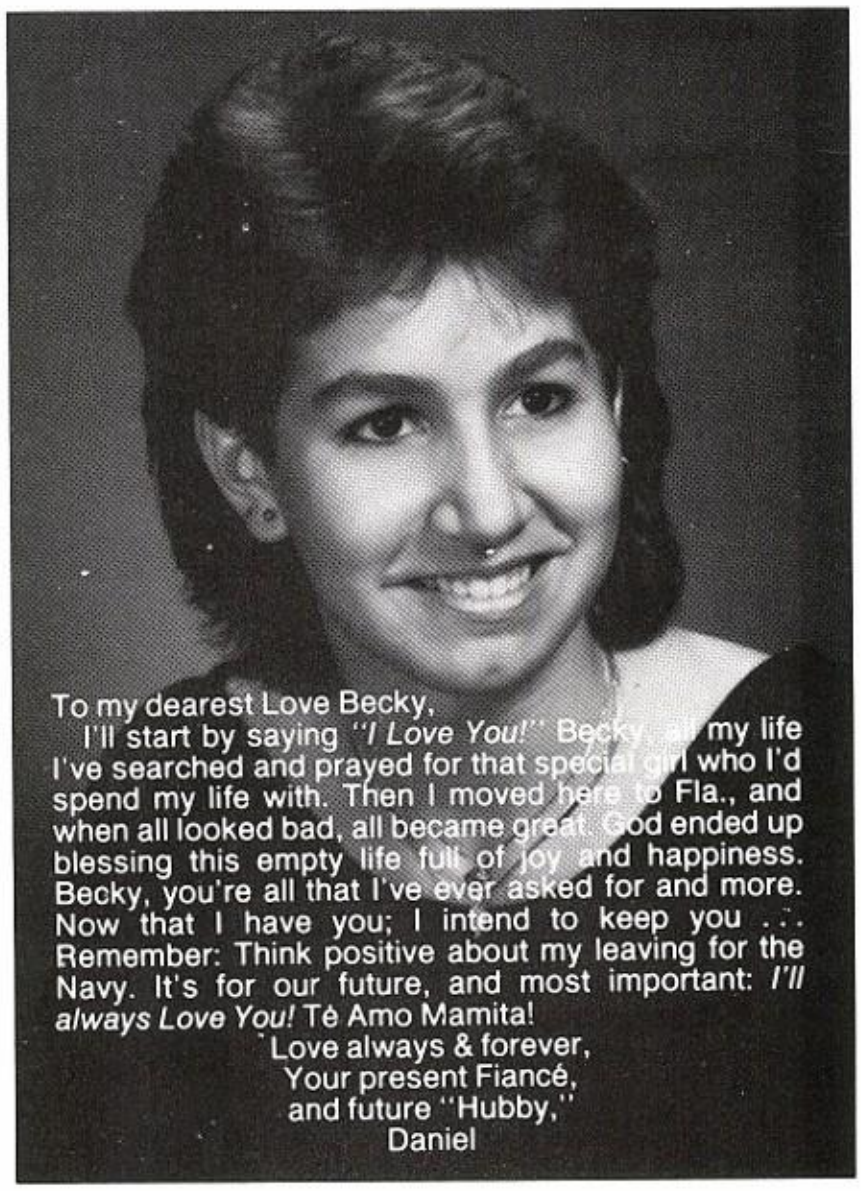
Daniel,
You've finally made it, and I couldn't be more proud! No matter how far away your future takes you, a part of you will always remain with me. You have given me something nobody can ever take away — beautiful memories. Good luck and God bless you.
I Love you,
forever,
Becky



To my dearest Love Becky,
I'll start by saying "I Love You!" Becky, all my life I've searched and prayed for that special girl who I'd spend my life with. Then I moved here to Fla., and when all looked bad, all became great. God ended up blessing this empty life full of joy and happiness. Becky, you're all that I've ever asked for and more. Now that I have you; I intend to keep you . . . Remember: Think positive about my leaving for the Navy. It's for our future, and most important: I'll always Love You! Tè Amo Mamita!
Love always & forever,
Your present Fiancé,
and future "Hubby,"
Daniel

To Mike and Jean

To Lake Placid High
you now say goodbye,
To the place that you've spent
four years of your life.
To the Football and Baseball

And to the fun times,
and even the tears,
To the teachers you've had

We wish with all of our might
that your lives may be blessed,
And be happy and bright,
and may you always and ever
Walk in God's light!

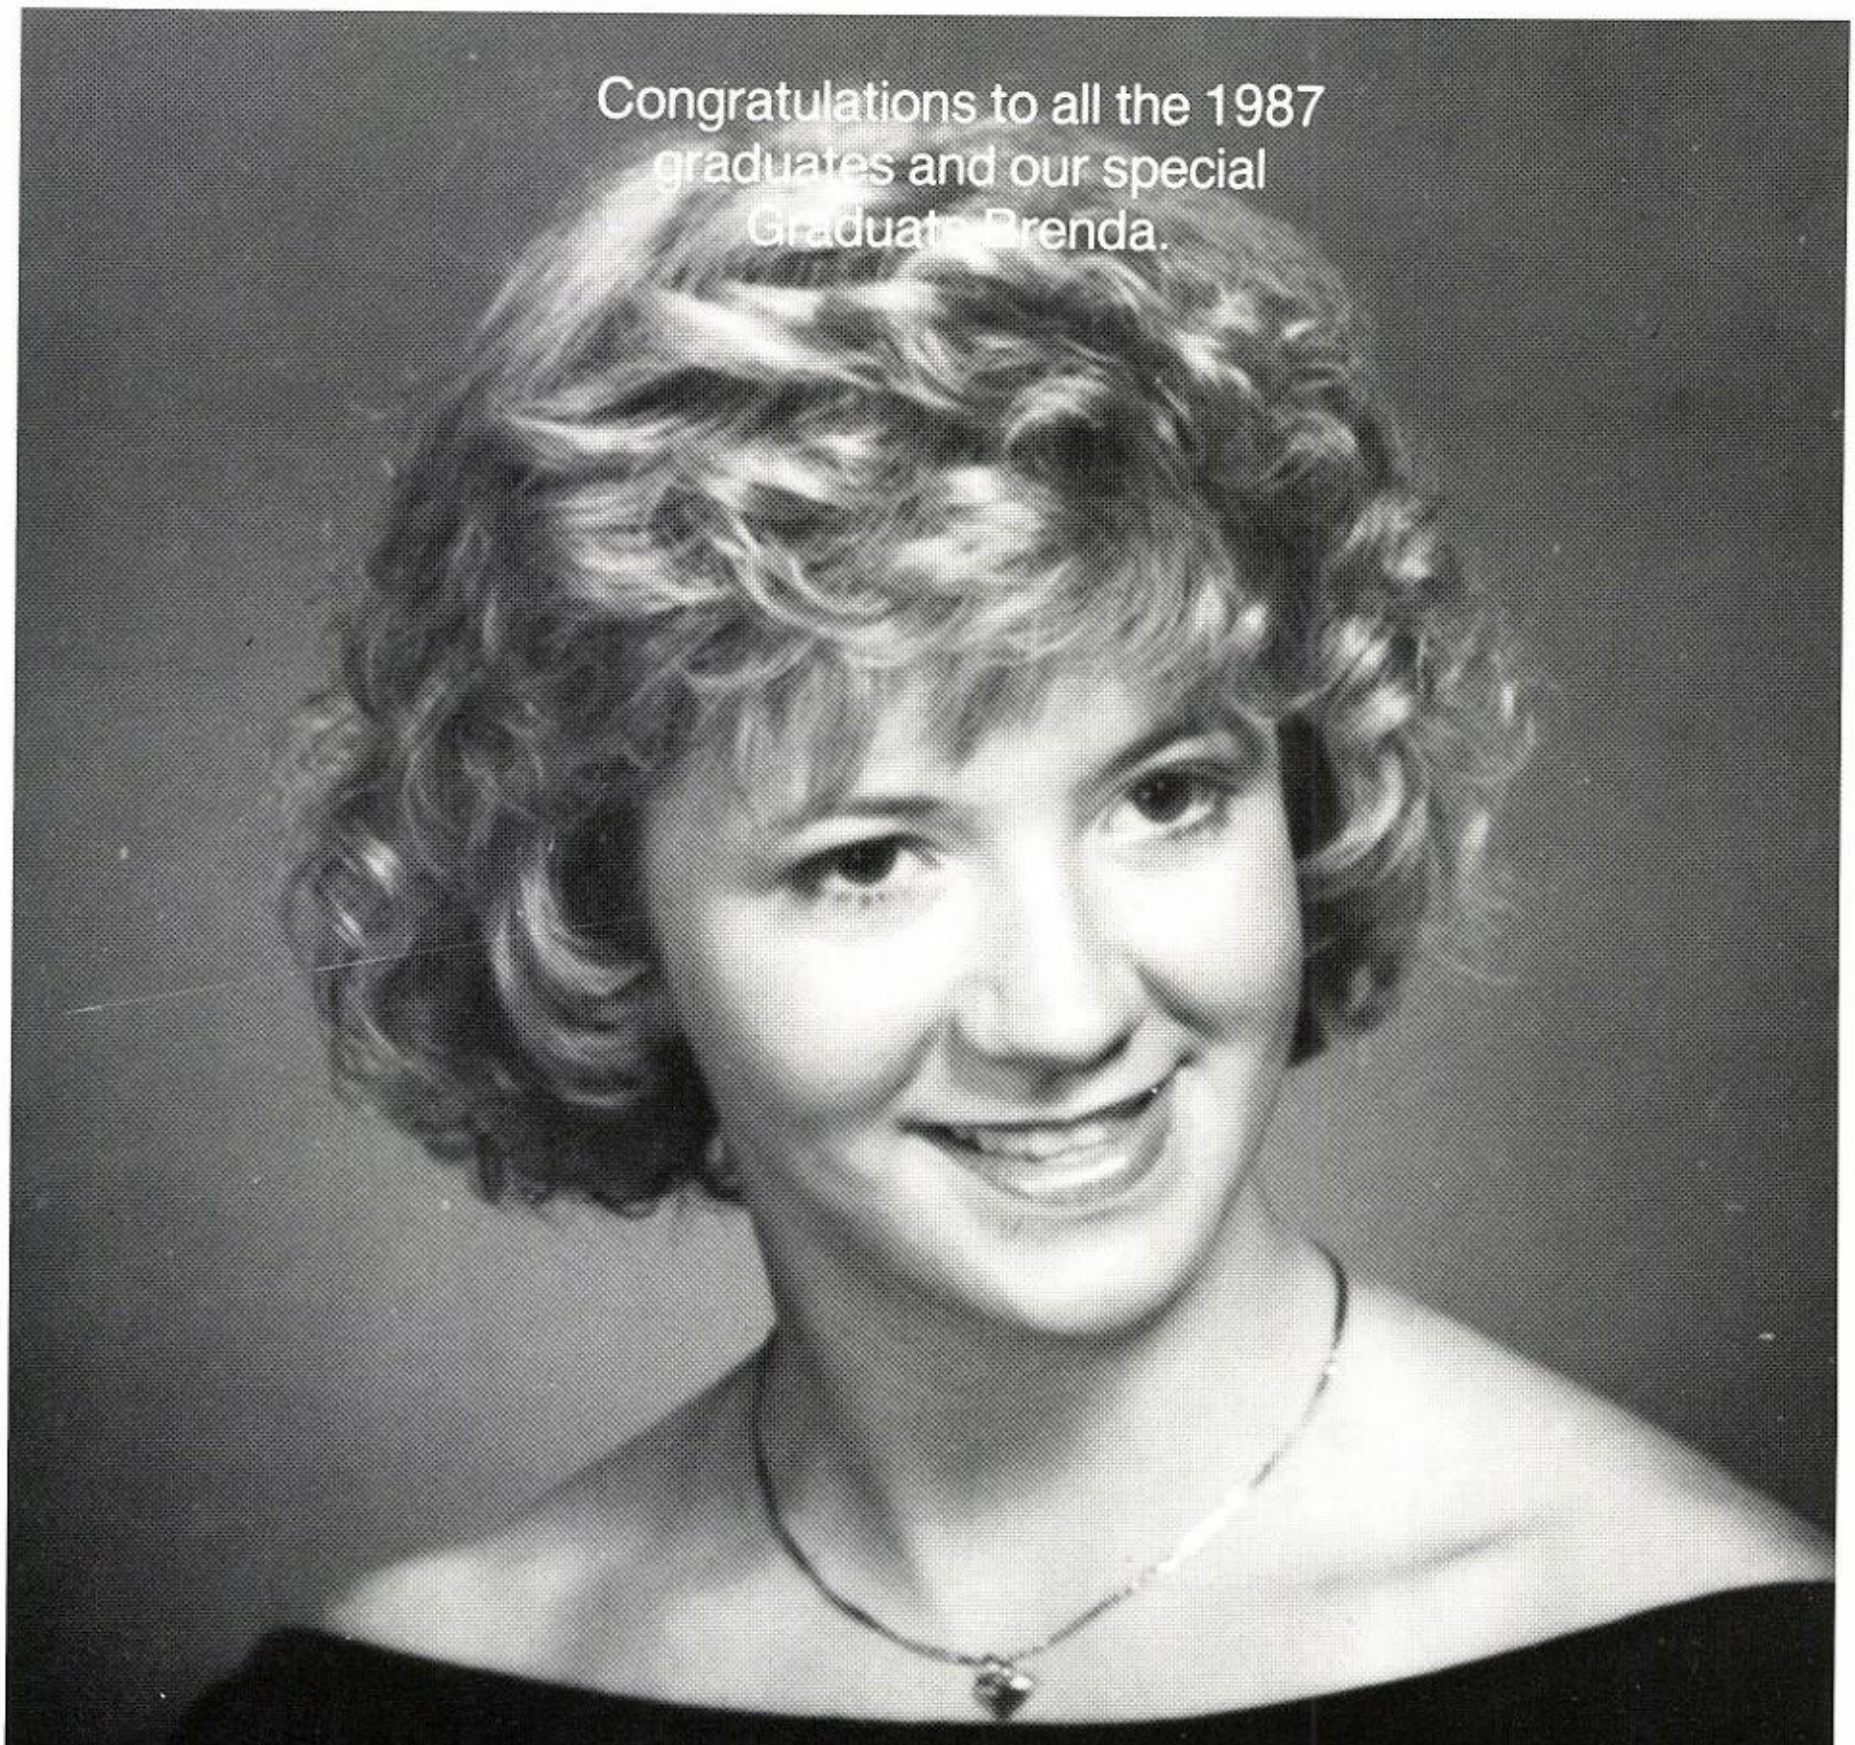
WE LOVE YOU AND ARE VERY PROUD OF YOU BOTH,
Mom, Dad, and A.J.



Brenda,

You have prepared a foundation that will support a magnitude of success. We have never ceased to be amazed at how one little gal could pack so much living into such short days.

We hope your life will be filled with the same happiness and love that you have given to this family each and every day of your life.

We Love You So Much,

It Takes A Bank That Knows Florida To Know What Floridians Need Today.

A lot of banks have their offices in Florida and their hearts in some other state.

But at First Florida Bank, our commitment has always been to Florida and Florida's people.

And in these days of dramatic growth and financial change in Florida, we think that's one of the greatest assets a bank can have.

We know the needs of Florida's communities because of our strong roots in them. We know what's best for growing businesses, because we've grown with them.

First Florida Bank, N.A. Member FDIC

And we have the experience and knowledge to simplify what can often be a complex and confusing financial world.

So whether you're a long-time resident, winter resident, or if you're just moving here, come to the bank that's best at serving Florida's needs. After all, Florida is our middle name.

We met in fifth grade — it seems like ages ago. We have been through rough times as well as good times together. Through all these times we've remained terrific friends. As the end of our senior year approaches, we have to prepare to say goodbye to one life as well as hello to another. This we will do together. The end of high school also means that we have to part and "go our own ways" — even if only temporarily. So — for now — we say not "goodbye" but "see ya later" for we know that no matter how far apart we are, we will be near to each other in our minds.

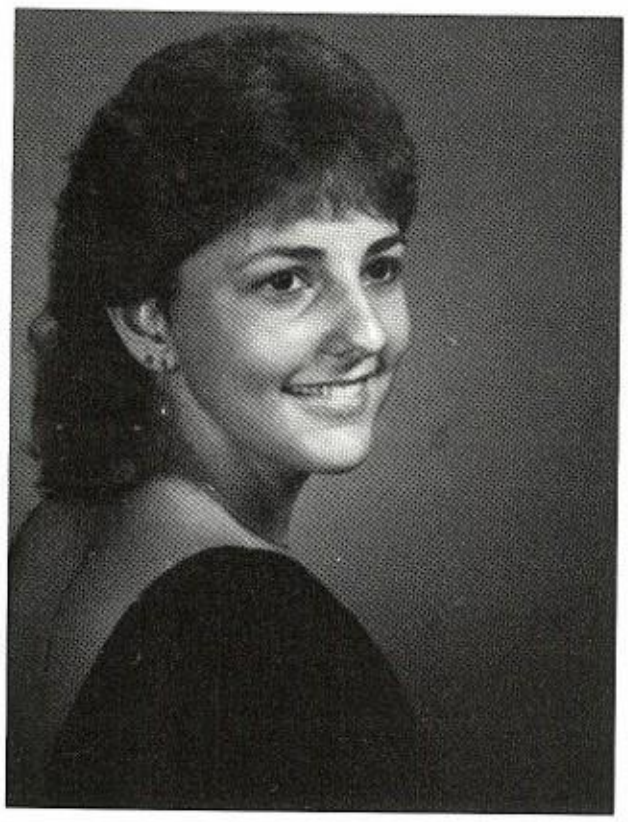
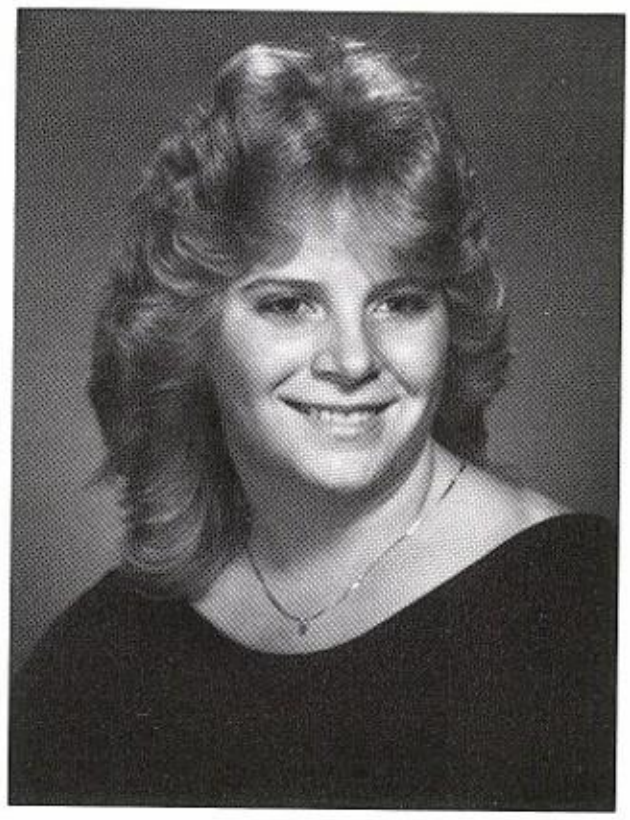
A friend is someone special, for whom I can depend. Who will stick by me till the end
A friend is someone who's always there to lend a hand and show that they care.
A friend to me is honest, and someone who is true . . . But most of all, I'd like to say these all add up to you.



You are my friend, yes indeed, and our friendship shall remain along with me, as long as I live, for there's nothing else to gain.



When I think of a friend, you immediately come to mind.
Because in my book, you feel and look like a one of a kind. Now this poem's ending and finally coming to an end. But what these words are trying to say, is that you are my BEST FRIEND!

DEAR BRIAN,

YOU HAVE BROUGHT MUCH JOY AND HAPPINESS INTO OUR LIVES. NOW THAT YOU AR ABOUT TO ENTER ANOTHER PHASE OF YOUR LIFE, WE WOULD LIKE TO SHARE THE FOLLOWING WITH YOU. PLEASE GIVE IT GREAT THOUGHT ON YOUR JOURNEY THROUGH LIFE.

"SUBMIT TO PRESSURES FROM PEERS AND YOU MOVE DOWN TO THEIR LEVEL.
SPEAK UP FOR YOUR OWN BELIEFS AND YOU INVITE THEM UP TO YOUR LEVEL.
IF YOU MOVE WITH THE CROWD, YOU'LL GET NO FURTHER THAN THE CROWD.
WHEN 40 MILLION PEOPLE BELIEVE IN A DUMB IDEA, IT'S STILL A DUMB IDEA.
SIMPLY SWIMMING WITH THE TIDE LEAVES YOU NOWHERE.
SO IF YOU BELIEVE IN SOMETHING THAT'S GOOD, HONEST, AND BRIGHT — STAND UP FOR IT,
MAYBE YOUR PEERS WILL GET SMART AND DRIFT YOUR WAY."

MAY GOD BLESS AND KEEP YOU ALWAYS,

LOVE,

STRANGERS:

That's what we were at first. As time passed, we matured and became good friends. Now all of our school years have elapsed and our lives lay ahead of us. Naturally, things will never be the "good ole days," but one thing will remain the same: our friendship. Once a friendship like ours is formed, times are shared to create memories. These memories will dwell within us forever and nobody can ever take them away from us. Between the memories of yesterday and hopes for tomorrow, we'll always be together: FRIENDS FOREVER.

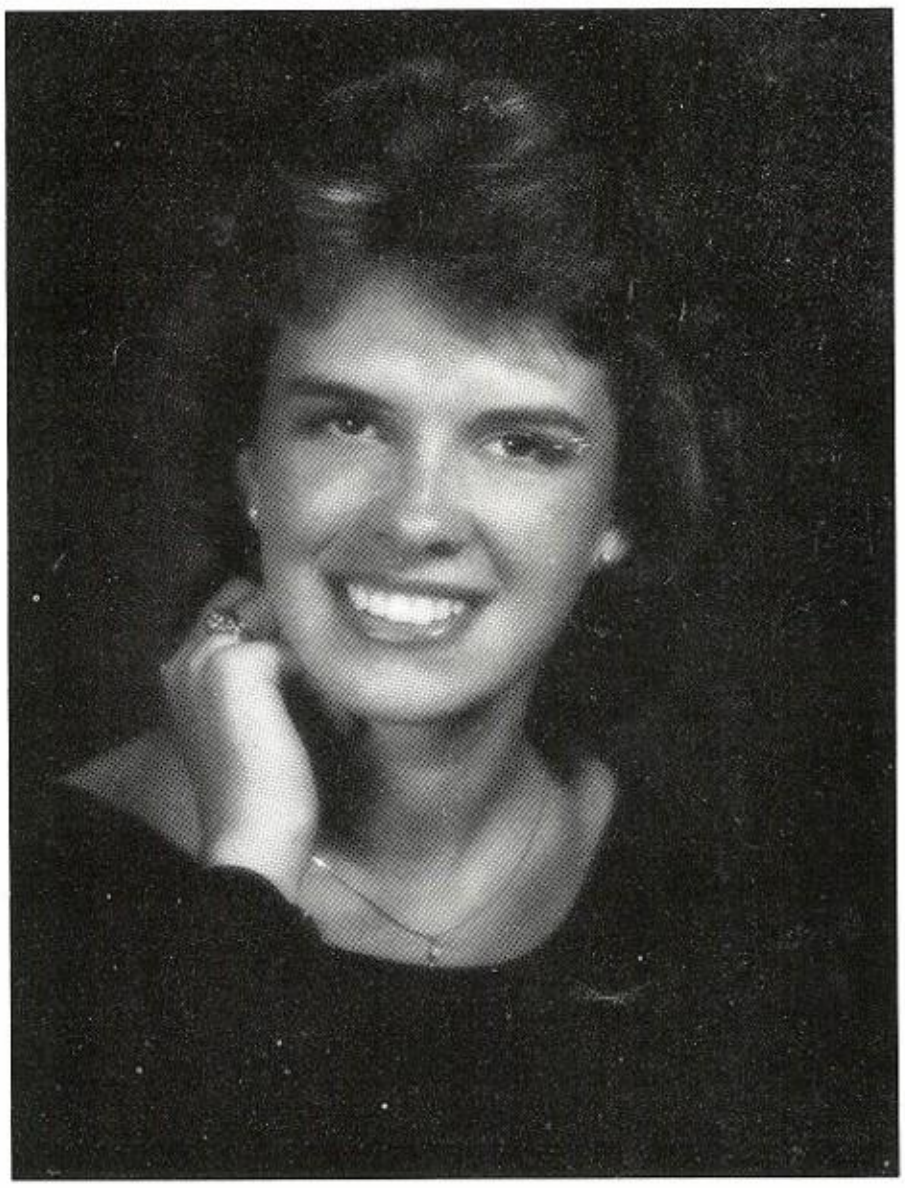
Alisha,

Congratulations, and Best Wishes to a very special young lady. You've come a long way but there's still more to come. Always strive for perfection, you have what it takes to be the best at anything you want. You will go through some good times and bad times. Just remember that my love is always with you no matter where you are. I'm proud of you now and always . . .

May God stay close to you always, and you with him always . . .

Love Mom



Christine,

We are very proud of you and we love you. Always remember to

New York Mets, Gary Carter is lifted in the air by relief pitcher Jesse Orosco following the Met 8-5 victory over the Boston Red Sox in the seventh game of the World Series at N.Y.'s Shea Stadium.

The New York Giants captured the Superbowl title on January 25, 1987. It was held at the Rose Bowl in Pasadena, California. The Giants coach was Bill Parcells, and the score was: Giants — 39 Broncos — 20.

Finally, another edition of Argus is complete and in the hands of those who enjoy it. A number of people have spent long hours of hard work to create the publication you hold in your hands.

I would like to thank Stephanie Harrson and Kim Sprich for their long hours, hard work, patience, and encouragement when I thought we'd never make it. Many thanks to Donnell Allen and all the ads he sold at the last minute.

Eternal gratitude is due to our Taylor Representative, Jim Bolin for his creativity and suggestions, Bryn-Alan for another year of excellent photography and Miss Gill for all her help, motivation, and occasional "pep talks." Most importantly a special thanks to all the sponsors for without them, this book would have been impossible.

I hope everybody enjoys this book as much as I enjoyed watching it take shape. Forget the controversy over the book and remember: without change, progress is restricted. With that thought in mind, I wish next year's staff as much luck as needed and more creativity than this year' staff.
